HOW TO CITE RULES AND RSMo

RULES—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

| Title | Code of State Regulations | Division | Chapter | Rule |
|-----------------|---------------------------|-------------------------|------------------------------|--------------------------------|
| 1 Department | CSR | 10- Agency, Division | 1. General area regulated | 010 Specific area regulated |

They are properly cited by using the full citation , i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

RSMo—The most recent version of the statute containing the section number and the date.

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbol under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety- (90-) day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

Boldface text indicates new matter.

[Bracketed text indicates matter being deleted.]

(1) "Performance Districts" as defined pursuant to section 163.011, RSMo, shall be identified by the Department of Elementary and Secondary Education (department), and used in the foundation formula calculation for years subsequent to fiscal year 2016, using the

following process:

Chapter 25—Motor Carrier Operations

PROPOSED AMENDMENT

7 CSR 10-25.020 Oversize and Overweight Permits. The Missouri Highways and Transportation Commission is amending subsections (12)(A) and (12)(L).

PURPOSE: This amendment would mandate the issuance of emergency movement permits for utility vehicles responding to disasters.

(12) Procedures for Emergency Movements.

(A) Railroad derailments and other civil or natural disasters may create the necessity for an emergency movement by oversize/overweight vehicles. The Missouri Department of Transportation shall also issue emergency utility response permits for the transporting of utility wires or cables, poles, and equipment needed for repair work immediately following a disaster where utility service has been disrupted; except for and excluding movements under section (15).

(L) Blanket permits for emergency movements, if authorized, in lieu of verbal procedure, require special procedures in addition to those previously mentioned (see section (6)).

1.1 Such blanket permits will be valid only for the initial response to an emergency and the return trip from that emergency. Movement for purposes other than to or from an emergency response

will require a single trip permit be obtained during regular working hours and must comply with the permit regulations' limitations for weight and dimensions.

AUTHORITY: sections 304.180 and 304.200, RSMo Supp. [2007] 2014. This rule was previously filed as 7 CSR 10-2.010. Original rule filed July 12, 2005, effective Feb. 28, 2006. Emergency amendment filed July 7, 2008, effective Sept. 2, 2008, expired Feb. 28, 2009. Amended: Filed July 7, 2008, effective Feb. 28, 2009. Amended: Filed Dec. 5, 2014.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with the Missouri Department of Transportation, Pam Harlan, Secretary to the Commission, PO Box 270, Jefferson City, MO 65102. To be considered, comments must be received within thirty (30) days after publication of this notice in the **Missouri Register**. No public hearing is scheduled.

Title 16—RETIREMENT SYSTEMS
Division 10—The Public School Retirement System of Missouri
Chapter 5—Retirement, Options and Benefits

PROPOSED AMENDMENT

16 CSR 10-5.010 Service Retirement. The Retirement System is adding a new section (7) and renumbering subsequent sections accordingly.

PURPOSE: Due to the unique employment of the community college adjunct professors, a conversion formula is needed to convert credit hours to actual hours of service to compare to the Public School Retirement System (PSRS) working after retirement limits in section 169.560, RSMo. The U.S. Treasury Department and the Internal Revenue Service have provided a formula for converting classroom hours to hours of service for adjunct faculty. The conversion formula provides for two and one-fourth (2 ¼) hours of service for each hour of classroom time, which results in one (1) credit hour being equivalent to thirty (30) hours of service. This rule sets forth the conversion formula for a retiree who returns to work for a community college so that the hours of service the retiree provides to the community college can be compared to the working after retirement limits set forth in section 169.560, RSMo.

(7) Effective July 1, 2015, for any employment teaching at a community college included in the system, each credit hour taught by a retired member will be the equivalent of thirty (30) hours for the purposes of this rule and section 169.560, RSMo, regardless of the number of hours actually worked by the retired member related to the course(s) taught. For any said course(s) taught during summer session, all hours for said course(s) shall be counted as having occurred during the school year in which the course(s) commence. Any hours worked performing additional duties for a community college not related to said course(s) for which a retired member receives compensation above and beyond that received for teaching said course(s) shall be counted on a hour-by-hour basis for the purposes of this rule and section 169.560, RSMo.

/(7)J(8) For purposes of applying the provisions of section 169.560, RSMo only, no state college, state university, or state agency shall be considered to be a district, employer, or public school as those terms are defined in section 169.010, RSMo. Any retired member who is employed by a state college, a state university, or any state agency shall not be subject to the requirements and restrictions of section 169.560, RSMo.

/(8)J(9) Any person who is receiving or has received a retirement allowance from the system, other than a disability retirement allowance, who returns to employment in a position covered by the system shall undertake such employment under a new and separate membership in the system.

(A) Such person shall be eligible for a subsequent retirement allowance after one (1) year of creditable service under the new membership in the system. Such subsequent retirement allowance shall be separate and distinct from such person's previous retirement allowance.

(B) After earning at least one (1) year of creditable service and upon termination of employment under the subsequent membership with the system, such person may: 1) withdraw from the system and receive a refund of the person's contributions made during the subsequent membership and interest credited thereon; 2) apply for a subsequent retirement allowance; or 3) leave the contributions with the system.

(C) Such person shall not receive a retirement allowance for any previous membership service while the person is earning creditable service under a subsequent membership with the system.

(D) The minimum benefit amounts provided in section 169.070.17, RSMo, shall not apply to any retirement allowance other than such person's initial retirement allowance provided by the system.

(E) All previous years of creditable service, not otherwise forfeited, will be considered to determine the formula factor to be used in calculating the subsequent retirement allowance.

/(9)J(10) For the purpose of determining eligibility for retirement as a result of the sum of a member's age and years of creditable service equaling eighty (80) years or more, the member's age shall be determined by adding the member's age on the date of his or her most recent birthday and the partial year following the member's most recent birthday. Such partial year shall be determined by converting the member's age to the nearest day into a number rounded to the nearest hundred-thousandth.

/(10)J(11) A member electing Option 2, Option 3, or Option 4 in his/her application for service retirement shall furnish proof of date of birth of the person nominated to receive the survivorship payments.

/(11)J(12) The member electing Option 2, Option 3, or Option 4 in his/her application for service retirement shall indicate the relationship establishing an insurable interest in his/her life for the person nominated and, if requested by the board, shall furnish evidence of the existence of the insurable interest. An "insurable interest" shall be considered to exist because of the relationship to a member of a wife, husband, father, mother, child (including a stepchild or adopted child), or any other person who has a financial interest in the continued life of the member or who is dependent upon the member for all or part of his/her support.

/(12)J(13) Any member retiring under the provisions of section 169.563, RSMo, shall have the same rights of retirement benefit plan election as a member retiring under section 169.070, RSMo. Further, the surviving spouse of any member who dies prior to retirement and while eligible to retire under section 169.563, RSMo, shall have the same survivorship benefit rights as provided under section 169.070, RSMo.

(13)(14) A member who has made additional deposits with the system will, upon retirement, receive an addition to the retirement allowance provided for in section 169.070, RSMo unless s/he elects to withdraw his/her accumulated deposits without interest.

(14)(15) The provisions of subsection 15 of section 169.070, RSMo, shall be applicable to retirement allowance payments made on September 30, 1987 and thereafter. In determining any increase in benefits allowable under subsection 15 to those retirees receiving benefits under section 169.070.9(4), RSMo, the "retirement allowance" shall be deemed to be the amount which would have been payable had the allowance not been reduced to two-thirds (2/3) as provided in section 169.070.9(4), RSMo.

(15)(16) Any actuarial adjustment to a retirement allowance payment made because of the nomination of a successor beneficiary as provided in 169.141, RSMo, shall take effect in the month a properly completed nomination of successor beneficiary form is received by the Retirement System or the month of the retiree's marriage to the successor beneficiary, whichever occurs later. The nomination of a successor beneficiary shall be effective immediately upon receipt by the Retirement System of the properly completed nomination of successor beneficiary form or the date of the retiree's marriage to the successor beneficiary, whichever occurs later.

(16)(17) The effective date of any monthly benefit to a service retiree shall be the first day of the calendar month following the event establishing eligibility for the benefit, assuming all other requirements of the law and rules of the board of trustees have been met. Monthly benefit payments shall be made on the last day of each calendar month and shall be only for complete months. The initial payment shall include all benefits accrued since the effective date.

(17)(18) Pursuant to section 169.596, RSMo, a retired certificated teacher receiving a retirement benefit from the Public School Retirement System of Missouri (PSRS) may teach full-time for up to two (2) years for a PSRS-covered school district without a suspension of his or her retirement benefit provided that such school district certifies that it has met the requirements set forth in section 169.596, RSMo, and provided that such school district does not exceed the limit on the number of PSRS retirees that may be hired pursuant to section 169.596, RSMo.

(A) As used in section 169.596, RSMo, "teacher" shall have the same definition as provided in section 169.010(17), RSMo.

(B) As used in section 169.596.1, RSMo, "full-time" shall have the same definition as provided in 16 CSR 10-4.005(4).

(C) As used in section 169.596, RSMo, "teach" shall mean to be employed in a position that requires a certificate issued by the Missouri Department of Elementary and Secondary Education (DESE).

(D) A school district hiring a PSRS retiree under section 169.596, RSMo, shall certify to PSRS through the Online Automated System Integrated Solution (OASIS) or in another manner acceptable to PSRS that:

1. It has met the requirements of section 169.596, RSMo;
2. It has not exceeded the limit on the number of PSRS retirees it may hire under section 169.596, RSMo; and
3. The retired certificated teacher has been employed by the school district in a position that requires a certificate issued by DESE.

(18)(19) If the designated joint and survivor beneficiary of a retiree who elected Option 2, 3, or 4 dies before the retired member, the retired member's retirement allowance will be increased to the amount the retired member would be receiving had the retired member elected Option 1. The increase in retirement allowance shall be effective the month of the beneficiary's death.

**Title 16—RETIREMENT SYSTEMS
Division 10—The Public School Retirement System of Missouri**

Chapter 6—The Public Education Employee Retirement System of Missouri

PROPOSED AMENDMENT

16 CSR 10-6.060 Service Retirement. The Retirement System is adding a new section (5) and renumbering subsequent sections accordingly.

PURPOSE: Due to the unique employment of the community college adjunct professors, a conversion formula is needed to convert credit hours to actual hours of service to compare to the Public Education Employee Retirement System (PEERS) working after retirement limits in section 169.660, RSMo. The U.S. Treasury Department and the Internal Revenue Service have provided a formula for converting classroom hours to hours of service for adjunct faculty. The conversion formula provides for two and one-fourth (2 ¼) hours of service for each hour of classroom time, which results in one (1) credit hour being equivalent to thirty (30) hours of service. This rule sets forth the conversion formula for a retiree who returns to work for a community college so that the hours of service the retiree provides to the community college can be compared to the working after retirement limits set forth in section 169.660, RSMo.

(5) Effective July 1, 2015, for any employment teaching at a community college included in the system, each credit hour taught by a retired member will be the equivalent of thirty (30) hours for the purposes of this rule and section 169.560, RSMo, regardless of the number of hours actually worked by the retired member related to the course(s) taught. For any said course(s) taught during summer session, all hours for said course(s) shall be counted as having occurred during the school year in which the course(s) commence. Any hours worked performing additional duties for a community college not related to said course(s) for which a retired member receives compensation above and beyond that received for teaching said course(s) shall be counted on a hour-by-hour basis for the purposes of this rule and section 169.560, RSMo.

(5)(6) A member electing Option 2, Option 3, or Option 4 in his/her application for service retirement shall furnish proof of date of birth of the person nominated to receive the survivorship payments.

(6)(7) A member electing Option 2, Option 3, or Option 4 in his/her application for service retirement shall indicate the relationship establishing an insurable interest in his/her life for the person nominated and, if requested by the board, shall furnish evidence of the existence of the insurable interest. An insurable interest shall be considered to exist because of the relationship to a member of a wife, husband, father, mother, child (including a stepchild or adopted child), or any other person who has a financial interest in the continued life of the member or who is dependent upon the member for all or part of his/her support.

(7)(8) Any member retiring under the provisions of section 169.563, RSMo, shall have the same rights of retirement benefit plan election as a member retiring under section 169.670, RSMo. Further, the surviving spouse of any member who dies prior to retirement and while eligible to retire under section 169.563, RSMo, shall have the same survivorship benefit rights as provided under section 169.670, RSMo.

(8)(9) Any actuarial adjustment to a retirement allowance payment made because of the nomination of a successor beneficiary as provided in 169.715, RSMo, shall take effect in the month a properly completed nomination of successor beneficiary form is received by the Retirement System or the month of the retiree's marriage to the successor beneficiary, whichever occurs later. The nomination of a successor beneficiary shall be effective immediately upon receipt by the Retirement System of the properly completed nomination of successor beneficiary form or the date of the retiree's marriage to the successor beneficiary, whichever occurs later.

(9)(10) The effective date of any monthly benefit to a service retiree shall be the first day of the calendar month following the event establishing eligibility for the benefit, assuming all other requirements of the law and rules of the board of trustees have been met. Monthly benefit payments shall be made on the last day of each calendar month and shall be only for complete months. The initial payment shall include all benefits accrued since the effective date.

(10)(11) A qualified member who desires to elect retirement Option 7 "Accelerated Payment Option" must do so in accordance with the terms, conditions, and limitations of this paragraph and section 169.670, RSMo.

(A) By selecting the Accelerated Payment Option, the member is electing to utilize the retirement allowance the member is eligible to receive from this retirement system in conjunction with the retirement benefit the member is eligible to receive from the federal Social Security Administration commencing at the minimum Social Security retirement age (as established by law at the time the Accelerated Payment Option is elected), in order to receive from the two (2) systems combined, and within the limitations noted herein, level or near level monthly retirement benefits during the member's retirement.

(B) Under the Accelerated Payment Option, the member must select a benefit payment plan authorized by section 169.670, RSMo, for which the member qualifies, including the options for reduced monthly benefit payments for life (with continuing payments to a designated beneficiary), but the amount of the benefit payment the member would otherwise be eligible to receive under the plan selected will be modified in the manner described herein.

1. The retirement allowance paid to the member by this retirement system under the Accelerated Payment Option will be actuarially equivalent to the retirement allowance the member would normally receive under the benefit payment plan selected, but to facilitate level or near level monthly benefit payments during retirement in the manner described herein, the member agrees to accept a plan of monthly benefit payments from this retirement system that will vary in amount, depending on the age of the member.

A. By electing the Accelerated Payment Option, the member

agrees to accelerate payment of a portion of the member's retirement allowance to the early months of retirement, but as a consequence, and in order to maintain actuarial equivalence, the member further agrees to receive a reduced benefit payment amount over the remainder of the retirement period.

B. Under the Accelerated Payment Option, from the effective date of retirement from this retirement system until the retiree reaches the minimum Social Security retirement age (as established by law at the time the Accelerated Payment Option is elected), the retiree will receive a larger monthly benefit payment from this retirement system than would otherwise be paid under the benefit payment plan selected by the retiree. Upon reaching the minimum Social Security retirement age (as previously defined), the retiree will receive a smaller monthly benefit payment from this retirement system than would otherwise be paid under the benefit payment plan selected by the retiree.

2. The amount of the variable monthly benefit payment received from this retirement system will be actuarially determined by the retirement system using the benefit payment plan selected by the member and the member's projected retirement benefit from Social Security at the minimum eligible retirement age (as established by law at the time the Accelerated Payment Option is elected). The actuarial calculation will identify the necessary increase over and reduction below the monthly benefit otherwise payable under the benefit payment plan selected by the member, so that in conjunction with the monthly retirement benefit the member is eligible to receive from Social Security commencing at the minimum retirement age (as established by law at the time the Accelerated Payment Option is elected), the member can potentially receive level or near level monthly benefit payments during the member's retirement.

3. The plan of variable monthly benefit payments from this retirement system under the Accelerated Payment Option contemplates that the retiree will apply for and begin receiving retirement benefits from Social Security at the minimum Social Security retirement age set by law at the time the Accelerated Payment Option is elected, but nothing herein or in section 169.670, RSMo, shall be construed as a promise or guarantee by this retirement system that the Social Security Administration will make such payments, or that any payments made will comport with the estimate of projected Social Security benefits used to calculate the variable monthly benefits from this retirement system, or that such payments will commence at the time originally identified by the Social Security Administration. Similarly, nothing herein or in section 169.670, RSMo, shall be construed as a promise or guarantee that this retirement system will make up any shortfall in Social Security benefits from those projected at the time the Accelerated Payment Option is elected, or that this retirement system has any obligations other than those expressly assumed herein to assure a stream of level or near level monthly retirement benefits. It shall be the sole responsibility of the retiree and the Social Security Administration, respectively, to secure and/or pay Social Security retirement benefits sufficient to combine with the plan of variable retirement benefits available from this system to yield a level or near level stream of monthly benefit payments during retirement. Neither a failure by the retiree or the Social Security Administration to fulfill their respective obligations, nor a subsequent change in the minimum Social Security retirement age, will nullify the retiree's election of the Accelerated Payment Option or compel recalculation of the plan of variable monthly benefits determined at the time of election.

4. The retirement allowance the member is eligible to receive from this retirement system will determine the capacity of the Accelerated Payment Option to effectively provide level or near level monthly benefit payments for a retiree in the manner described herein. Some members may not be eligible for sufficient benefits to achieve a meaningful leveling of benefit payments under the Accelerated Payment Option and a member must exercise independent judgement in deciding whether the Accelerated Payment Option is appropriate in light of the member's particular circumstances. Nothing in this paragraph or in section 169.670, RSMo, shall be construed as a promise

or guarantee by this retirement system that the Accelerated Payment Option will provide a level or near level combination of benefit payments for all retirees, and in no case will the necessary adjustments to the monthly benefit otherwise payable under the plan selected by the member cause the amount to be paid when the member reaches the minimum Social Security retirement age (as established by law at the time the Accelerated Payment Option is elected) to be less than twenty-five percent (25%) of the member's original, non-adjusted benefit (i.e., the monthly benefit that would otherwise be payable under the benefit payment plan selected by the member).

5. If the retiree selects a benefit payment plan that provides for the payment of retirement benefits to a beneficiary upon the retiree's death, the amount of the beneficiary's payment in any particular month will be established by determining the monthly benefit amount the retiree would have received under the Accelerated Payment Option were the retiree still living, and then incorporating any reduction from that benefit level, if appropriate, based on the benefit payment plan selected by the retiree.

(C) The provisions in section 169.670, RSMo, and 16 CSR 10-6.100 concerning the right to receive a cost-of-living adjustment (COLA), the amount of any COLA, and any other limitations concerning COLAs shall apply with equal effect to benefits paid under the Accelerated Payment Option, except as follows:

1. Any COLA the retiree is eligible to receive will be based on the amount of the monthly benefit payable by this retirement system when the COLA takes effect; and

2. If a retiree has received COLAs prior to reaching the minimum Social Security retirement age (as established by law at the time the Accelerated Payment Option is elected), the reduced benefit paid by this retirement system from that point forward will include only that percentage of the previously awarded COLAs that would have been earned by the benefit amount payable after the retiree reaches the Social Security minimum retirement age (as previously defined).

(D) Limitations on and other provisions concerning post-retirement employment found in this rule and in Chapter 169, RSMo, shall apply with equal effect to a retiree under the Accelerated Payment Option, except as follows:

1. If a retiree under the Accelerated Payment Option subsequently returns to employment covered by this retirement system, benefit payments will be suspended, and the retiree's covered service will recommence under a new membership;

2. While the retirement benefits are suspended, they will continue to accrue COLAs based on the benefit that would have been paid to the retiree had the individual not returned to covered employment;

3. When the individual terminates covered employment and is again eligible to begin receiving retirement benefits, the retirement system will recalculate and, if necessary, adjust the amount of the prospective benefit payments under the Accelerated Payment Option to assure that they remain actuarially equivalent to the benefit payment plan selected at the time of the original retirement; and

4. A retiree under the Accelerated Payment Option who returns to covered employment and thereby qualifies for a second benefit based on the new membership may not elect the Accelerated Payment Option for the second benefit.

(E) A member who wishes to elect to receive retirement benefits under the Accelerated Payment Option, or who wants to receive an estimate of benefits under the Accelerated Payment Option, must provide the retirement system with a written estimate of the member's projected Social Security retirement benefit at the minimum eligible retirement age (as then in effect), prepared and issued by the Social Security Administration. The Social Security benefit estimate must have been issued no more than one hundred eighty (180) days prior to the date of the application for retirement or the date of the request for an Accelerated Payment Option benefit estimate. The Social Security benefit estimate must identify the projected retirement benefits for the member only, and may not include any benefits that could accrue to the member from a spouse, family member, or

some other source.

(F) If a member dies prior to retirement, the member's surviving spouse cannot elect to receive benefits from this retirement system under the Accelerated Payment Option.

(11)(12) Any person who is receiving or has received a retirement allowance from the system, other than a disability retirement allowance, who returns to employment in a position covered by the system shall undertake such employment under a new and separate membership in the system.

(A) Such person shall be eligible for a subsequent retirement allowance after one (1) year of creditable service under the new membership in the system. Such subsequent retirement allowance shall be separate and distinct from such person's previous retirement allowance.

(B) After earning at least one (1) year of creditable service and upon termination of employment under the subsequent membership with the system, such person may—1) withdraw from the system and receive a refund of the person's contributions made during the subsequent membership; 2) apply for a subsequent retirement allowance; or 3) leave the contributions with the system.

(C) Such person shall not receive a retirement allowance for any previous membership service while the person is earning creditable service under a subsequent membership with the system.

(D) All previous years of creditable service, not otherwise forfeited, will be considered to determine the formula factor, which may include the temporary allowance provided in section 169.671.1(5), RSMo, to be used in calculating the subsequent retirement allowance.

(11)(13) In addition to the retirement allowance provided in section 169.670.1(1)-(3), RSMo, a member retiring on or after July 1, 2000, whose creditable service is thirty (30) years or more or whose sum of age and creditable service is eighty (80) years or more, shall receive a temporary retirement allowance equivalent to four-tenths (4/10) of one percent (1%) of the member's final average salary multiplied by the member's years of service until such time as the member reaches minimum retirement age for Social Security retirement benefits ("minimum Social Security retirement age"), subject to the terms, conditions, and limitations of this rule.

(A) "Minimum Social Security retirement age" is the minimum age at which the retiree would be eligible to receive reduced Social Security retirement benefits. If otherwise eligible, a retiree shall receive the temporary retirement allowance until the retiree first attains minimum Social Security retirement age as that age is periodically adjusted by the Social Security Administration, but in no event shall the temporary retirement allowance terminate prior to the earlier of the retiree's death or the retiree's attainment of age sixty-two (62).

(B) To receive the temporary retirement allowance, the member must select a benefit payment plan authorized by section 169.670, RSMo, for which the member qualifies, which may include an option for reduced monthly benefit payments for life, with continuing payments to a designated beneficiary.

1. A retiree who elects Option 1 shall receive the temporary retirement allowance until the earlier of the retiree's death or the time at which the retiree attains minimum Social Security retirement age, provided that in no event shall the temporary retirement allowance terminate prior to the earlier of the retiree's death or the retiree's attainment of age sixty-two (62).

2. A retiree who elects Option 2, 3, 4, or 7 shall receive the temporary retirement allowance, as actuarially reduced pursuant to section 169.670.4, RSMo, in the same manner as described in paragraph 1. of subsection (A) of section (12) of this rule, provided that if the retiree dies prior to reaching minimum Social Security retirement age, such temporary retirement allowance shall be paid to the retiree's designated beneficiary (as adjusted pursuant to the retiree's elected option) until such time as the retiree would have reached the minimum Social Security retirement age had the retiree lived.

3. A retiree who elects Option 5 or 6 shall receive the temporary retirement allowance, as actuarially reduced pursuant to section 169.670.4, RSMo, in the same manner as described in paragraph 1. of subsection (A) of section (12) of this rule, provided that if the retiree dies prior to reaching minimum Social Security retirement age, such temporary retirement allowance shall be paid to the retiree's designated beneficiary until such time as the retiree would have reached minimum Social Security retirement age had the retiree lived or until the payments to the retiree's beneficiary would otherwise terminate pursuant to Option 5 or 6, whichever occurs first.

(C) By accepting the temporary retirement allowance, the retiree agrees to receipt of a retirement allowance that may decrease substantially when the retiree reaches minimum Social Security retirement age and further, that such decrease will be magnified if the retiree elected Option 7. By accepting the temporary retirement allowance, the retiree agrees that the payment of the temporary retirement allowance is not designed to provide for equal or substantially equal retirement allowance payments throughout the retiree's life when such payments are received in conjunction with Social Security benefits or otherwise. Nothing herein or in section 169.670, RSMo, shall be construed as a promise or guarantee by this retirement system that the Social Security Administration will make any payments, or that any payments made, when added to the retiree's retirement allowance, will result in equal or substantially equal payments throughout the retiree's life or the life of any named beneficiary, or that this retirement system has any obligation to assure a stream of equal or substantially equal monthly retirement benefits. It shall be the sole responsibility of the retiree and the Social Security Administration, respectively, to secure or pay Social Security retirement benefits. Neither a failure by the retiree or the Social Security Administration to fulfill their respective obligations, nor a subsequent change in the minimum Social Security retirement age shall compel this retirement system to recalculate the monthly benefits determined at the time of the retiree's election of a retirement option pursuant to section 169.670, RSMo.

(D) The provisions in section 169.670, RSMo, and 16 CSR 10-6.100 concerning the right to receive a cost-of-living adjustment ("COLA"), the amount of any COLA, and any other limitations concerning COLAs shall apply with equal effect to the temporary retirement allowance, except as follows:

1. Any COLA the retiree is eligible to receive will be based on the amount of the monthly benefit payable by this retirement system when the COLA takes effect; and

2. If a retiree has received COLAs prior to reaching the minimum Social Security retirement age, the reduced retirement allowance paid by Public Education Employee Retirement System (PEERS) from that point forward will include only that percentage of the previously awarded COLAs that would have been earned by the benefit amount payable after the retiree reaches the minimum Social Security retirement age.

(E) Limitations on and other provisions concerning post-retirement employment found in this rule and in Chapter 169, RSMo, shall apply with equal effect to a retiree receiving a temporary retirement allowance, except as follows:

1. If a retiree receiving a temporary retirement allowance subsequently returns to employment covered by this retirement system, benefit payments will be suspended, and the retiree's covered service will commence under a new membership;

2. While the retirement benefits are suspended, they will continue to accrue COLAs based on the benefit that would have been paid to the retiree had the retiree not returned to covered employment;

3. A retiree receiving a temporary retirement allowance who returns to covered employment and thereby qualifies for a second benefit based on the new membership may receive a temporary retirement allowance as part of the retiree's subsequent benefit if eligible pursuant to section 169.561, RSMo, and sections (11) and (12) of this rule.

(F) If a member dies prior to retirement, a beneficiary eligible to receive monthly benefits pursuant to 169.670.4(2), RSMo, is eligible to receive a temporary retirement allowance if the member would have been eligible to receive the temporary retirement allowance. The temporary retirement allowance paid to such beneficiary shall be administered in the same manner as if the member had retired and elected Option 2 of section 169.670.4(2), RSMo.

/(13)/(14) Pursuant to section 169.596, RSMo, a person receiving a retirement benefit from The Public Education Employee Retirement System of Missouri (PEERS) may be employed full-time for up to two (2) years for a PEERS-covered school district without a suspension of his or her retirement benefit provided that such school district certifies that it has met the requirements set forth in section 169.596, RSMo, and provided that such school district does not exceed the limit on the number of PEERS retirees that may be hired pursuant to section 169.596, RSMo.

(A) As used in section 169.596.2, RSMo, "full-time" shall mean "regularly employed" as defined in 16 CSR 10-6.010(1).

(B) A school district hiring a PEERS retiree under section 169.596, RSMo, shall certify to PEERS through the Online Automated System Integrated Solution (OASIS) or in another manner acceptable to PEERS that—

1. It has met the requirements of section 169.596, RSMo; and
2. It has not exceeded the limit on the number of PEERS retirees it may hire under section 169.596, RSMo.

/(14)/(15) If the designated joint and survivor beneficiary of a retiree who elected Option 2, 3, or 4 dies before the retired member, the retired member's retirement allowance will be increased to the amount the retired member would be receiving had the retired member elected Option 1. The increase in retirement allowance shall be effective the month of the beneficiary's death.
